This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

LEUCORRHŒA,

ITS

CONCOMITANT SYMPTOMS,

AND ITS

HOMŒOPATHIC TREATMENT.

BY

A. M. CUSHING, M. D.

SECOND EDITION.

BOSTON:
ALFRED MUDGE & SON, PRINTERS,
34 SCHOOL STREET.
1882.

Digitized by Google

Copyright, 1882,
By A. M. CUSHING, M. D.

Digitized by Google

INTRODUCTORY.

THIS little work is a compilation from *all* the works at my command, interspersed with the clinical experience of sixteen years' practice. It is intended to save the busy practitioner many a weary hour of study, and to guide the beginner and student along the road to true Scientific Healing.

Study, learn, prescribe. If the low dilutions fail you, *don't be afraid to* GO UP.

The blank space after each remedy is left for additions or alterations, instead of blank interleaves. It is hoped that every physician who may possess this book will make all possible additions, and all necessary alterations, till finally it may become a very valuable work.

A. M. C.

Digitized by Google

PREFACE TO THE SECOND EDITION.

THIS work, at first written for my own use, was, by the advice of friends, given to the public. Encouraged by its speedy sale, and the kind expressions received from the profession, as well as the satisfactory results obtained by the administration of homœopathic remedies during a period of twenty-six years, I am induced to rewrite and enlarge it to twice its former size. Firmly believing that many cases of insanity or death, some by suicide, have been caused by the unwise and unscientific treatment of leucorrhea, and satisfied that the internal administration of remedies, homœopathically indicated, is safer, surer, and more speedy, gives me courage to issue it at a time when the tendency to a different method of treatment seems to have the ascendency. Select the right remedy, and in some attenuation it will cure.

A. M. C.

LEUCORRHŒA.

Acid muriaticum.

LEUCORRHŒA, with *exceeding soreness of the anus*, either from piles or fissure. *She cannot bear the least touch upon the anus*, which often itches violently, and is not relieved by scratching. *Menses too early and profuse.* *Frequent* and profuse urination. Watery or bloody stools, with *violent burning and smarting in the rectum or anus.* Pain in lumbar region, with a tired sensation. Pain in coccyx. Easily excited; *peevish; fretful; angry.*

Acid nitricum.

Profuse, stringy leucorrhœa, consisting of mucus *which can be drawn out; greenish* mucus; *cherry-brown;* fetid; flesh-colored; *offensive;* like brown water; *after the menses*, or mercurial treatment. Fre-

Digitized by Google

quently *violent itching* of the genitals, always coming on towards evening, and when walking; parts sore; stitches in vagina, shooting upwards. Takes cold easily, which aggravates the symptoms. *Menses too early and profuse.* During menses, toothache. An ulcer on the vagina covered with yellow pus. Brown urine, which has a strong odor, and stains the linen brown. *Desire to urinate at night,* with cutting pain in the abdomen. *Nightly desire to urinate.* Painless suppression of urine; fetid urine. *Hard, scanty* stool; long pressing at stool; *constant unsuccessful* desire for stool; *bloody stool.* Epistaxis at night; never in the daytime. Cannot sleep after two o'clock in the morning. She awakes suddenly from sleep, greatly startled by some imaginary frightful event. Pain in back and down the thighs. Burning pain in a small spot in the small of the back. *Excitable; peevish. Tendency to start Anxiety, day and night.* Easily vexed. *Despondent; hopeless.* Ill-humored. Fancies she will die, though not sick.

Acid phosphoricum.

Profuse, yellow leucorrhœa. Thin, acrid, mucous leucorrhœa. *Leucorrhœa after the menses.* Menses

Digitized by Google

too late. *Desire to urinate*, with scanty emission. *Frequent urination. Frequent desire for stool. White gray diarrhœa.* Burning pain in the small of the back. Heaviness in the lumbar region increases to pain in the legs. Weak memory. Homesick. Sad. Hysteria in women of dark complexion during change of life.

Acid picricum.

Profuse, yellowish leucorrhœa. Pain in the left ovary; more in the evening. Great indifference. Lack of will power.

Acid sulphuricum.

Painless leucorrhœa. *Acrid, burning* leucorrhœa. Transparent, milk-like leucorrhœa; offensive odor. Bloody, corrosive mucus from the vagina. Genitals look green. *Menses too early.* Menses too late, with pain in the small of the back and abdomen. *Retention of urine* and stool. Stiffness of the back on rising in the morning. Heaviness of the head. Inclined to

Digitized by Google

weep. Irritable. Restless. Must do everything in a hurry.

Aconitum lycoctonum.

Viscid leucorrhœa. Menses fetid, producing excoriations at the bend of the thighs. Urine scanty, with turbid sediment. Nervous laughter.

Aconitum napellus.

Copious, tenacious, yellowish leucorrhœa, with much irritability of the system; fever; thirst; *vertigo* on rising up. Bloody leucorrhœa. Leucorrhœa relieved by cold washes, especially after rheumatism. Uterine hemorrhage. Menses profuse. *White, very offensive discharge after suppression of the menses.* Urine red. Stools watery-white. Numbness of back, with tingling sensation extending to fingers and toes. *Pains worse at night.* Nervous, restless, — body and mind. Predicts the day she shall die.

Digitized by Google

Æsculus hippocastanum.

Leucorrhœa, with lameness of the back across the sacroiliac articulations. Leucorrhœa, dark, yellow, thick, and sticky; worse after the menses or walking; corrodes the labia. Aching in the sacrum and knees. *Hot* urine, with brown sediment, or yellow urine, with white mucous sediment. Stools large, dry, with prolapsus ani, with pain extending from the back to the abdomen, with *burning piles*, tenesmus, and itching of the rectum. *The back gives out when walking only a little way.* Constant, dull pain in back, aggravated by motion, stooping, or walking. Constant dull pain in back. Low-spirited; irritable.

Agnus castus.

Leucorrhœa scanty, but staining linen yellow. Transparent leucorrhœa passes imperceptibly. Genitals relaxed. Menses suppressed. Urine frequent, abundant, and dark color. Loose stools. Deficient milk in lying-in women. Sharp stitches in region of coccyx. Absent-minded; low-spirited; anxious; tearful.

Digitized by Google

Aletris farinosa.

Leucorrhœa with debility, and great tendency to abortion. Premature and profuse menses.

Allium sativa.

Leucorrhœa, scanty discharge, with bright red spots on inside of labia, with itching and smarting. Menses too early, with excoriations on inside of thighs. Urine profuse, whitish. Constipation, with constant dull pain in bowels. Cutting pain in sacrum in the morning. Sadness. Weeping during sleep.

Aloes socrotrina.

Slimy leucorrhœa. White, mucous leucorrhœa. Menses too early; long lasting, with dragging down in rectum, and sense of fulness in the pelvis. Urine hot, burning. Diarrhœa. *Faint after stools. Piles.*

Digitized by Google

Burning piles. Constant desire for stool. Lassitude. *Disinclined to bodily or mental labor.*

Alumina.

Profuse, purulent, yellow, corroding leucorrhœa; worse before and after the menses. *Frequent acrid* and profuse leucorrhœa. *Discharge of flesh-colored liquids*, after the menses. Transparent mucous leucorrhœa, *running down to the heels in large quantities; only in the daytime.* The discharge causes itching of the vulva. Burning in the genitals, and more particularly *in the rectum.* Leucorrhœa in the afternoon and night. Leucorrhœa relieved by cold washes. Menses scanty and pale, too early, and too short. Urine scanty, with white or red sediment. Cannot urinate without straining. Inability to pass urine except at stool. Want of action of the rectum, requiring much straining. *Diarrhœa*, attended *with much tenesmus.* Difficulty in swallowing; can swallow only small pieces. Everything tasteless, or has a flat taste. Most of the symptoms worse in a sitting posture; relieved by walking, or washing with cold water. Pain, as of a hot iron, in the lumbar vertebra. Depressed; uneasy; weeping; changeable; stupid.

Digitized by Google

Ambra grisa.

Leucorrhœa only at night. Bluish-white mucous leucorrhœa. Discharge of thick mucus, preceded by stitches in the vagina. Leucorrhœa at night, of bluish-white mucus. Discharge of blood between the periods, at every little accident, as after a hard stool, or a longer walk than usual. Uterine symptoms worse by lying down. Parts itch; must rub them. Menses too early. Increased, turbid urine. Constipation. Painful tension in lumbar vertebra. Confused; excited. Talking fatigues her.

Ammonium carbonicum.

Violent, acrid leucorrhœa. At times a burning, watery discharge from the uterus. Particularly indicated if the discharge *smells of ammonia.* Also for *sickly, weak, delicate females,* who are *constantly resorting to the "smelling-bottle,"* and who say it does them good. Right side affected more than the left. Swelling and violent itching of the pudendum. Menses too early, copious; more at night; profuse and black, sometimes preceded by colic. Frequent urination, with sandy or white sediment. Painful, bloody diarrhœa,

Digitized by Google

followed by long, lasting pains. Piles. Burning at the anus prevents sleep. Almost always has headache after walking in the open air. Sleepy and heavy during the day. Sleeps badly unless she retires early; *the later she retires the greater difficulty she has in getting to sleep.* Symptoms aggravated in the open air, and evening. *She does not wish to talk, or to have others talk to her. Violent pressure of urine upon the bladder. Several emissions of urine at night,* some of them copious. *Retarded and hard stool.* Pain in back in the daytime and at rest; better by walking. Very lively or greatly depressed.

Ammonium muriaticum.

Leucorrhœa like the *white of an egg,* preceded by pain around the navel. Brown, slimy leucorrhœa after discharge of urine. Leucorrhœa with distension of the abdomen. *Menses appear two days too soon,* with pain in the bowels and small of the back. Inclination to urinate at four o'clock A. M. *Several loose stools during the day.* Pain around the navel preceding the usual stool. Pain in the small of the back during

Digitized by Google

rest, or in motion, at night in bed, so she could not lie on back or side. Inclined to weep. Irritable.

Anacardium.

Leucorrhœa, causing itching with soreness of the parts. Constant desire to urinate. Frequent urging to stool, without being able to expel anything. Painful stiffness in back on rising from a rest, relieved by bending. Apprehensive; suspicious; angry; despair; great loss of memory.

Anathereum.

Leucorrhœa watery, clear, white, offensive. Thick, purulent, green, or yellow leucorrhœa; worse after the menses. Genitals itch or are inflamed; worse in the afternoon. The os uteri is swollen. Back stiff and weak. Sad. Sheds tears easily. Hallucinations.

Digitized by Google

Antimonium crudum.

Discharge of acrid water from the vagina, which causes a biting sensation down the thighs. Watery, lumpy leucorrhœa. Pressure of womb as if something would come out. Menses too early, profuse; suddenly cease. Frequent, profuse urination at night, with a mucous discharge from the vagina. Frequent, violent desire to urinate, at times emitting large quantities, at others but little. *Watery* diarrhœa; mucous; in the morning; worse from anything sour. *All the symptoms worse by washing with cold water.* Pain in back worse after sitting, better by walking. *Does not* want to talk, or hear others talk, or be looked at.

Antimonium tartaricum.

Leucorrhœa bloody, watery, coming on in paroxysms; worse sitting down; for two days only. Menses too early, scanty, and last but two days. Urine turbid, brownish-red, with strong odor. *Burning in uretha when urinating;* scanty, last drops bloody. *Offensive diarrhœa,* with violent colic. Abdomen does not feel hard to touch, but feels as if it were

Digitized by Google

packed full of stones. Out of humor. Everything goes wrong. Furious delirium. Talks to herself. Anxiety, increased by nausea.

Apis.

Profuse, acrid, green leucorrhœa. Mucous discharge. Right ovary sore and painful; worse during menses. Stinging, darting pains in right ovary, with distress in stomach, and cough. Tendency to miscarriage. Menses delayed, with constant sensation as though they had appeared. Urine scanty, with dropsy, without thirst. Urine may be profuse. Painful diarrhœa, *worse by moving*. Burning in coccyx, worse sitting. Excitable. Laughs and cries. Premonition of death.

Argentum nitricum.

Leucorrhœa copious, green, corroding. Mucous leucorrhœa. Soreness of the vagina. Menses too

Digitized by Google

early, profuse, long lasting. Always thick, dark, coagulated, with headache. *Emission of a few drops of urine after urinating*, with a sensation as if the interior of the urethra were swollen. Stool greenish; very fetid mucus, with emission of noisy flatulence. Pelvic bones seem loose. Sense of weight in sacrum and coccyx, better standing; worse sitting. Pain in back, worse on rising from a seat; better walking. Imbecile appearance. Fearful to undertake anything lest they fail.

Arnica montana.

Leucorrhœa after injuries, as confinement, polypi, hydatids, etc. Tenesmus of the neck of the bladder. Brown urine, with brick-dust sediment. Frequent small stools, consisting only of slime. Pains in sacrum, as from rising from long stooping. Indifference to everything. Sensitive. Hypochondriac anxiety. She does not speak a word. Forgetful.

Digitized by Google

Arsenicum album.

Acrid, corrosive, thick, *yellow* leucorrhœa. Leucorrhœa *whilst standing* and *emitting flatulence.* Leucorrhœa at the time of the menses. Leucorrhœa after the menses. Bloody mucus after the menses. Sudden, profuse discharge of dark blood after the menses. Various forms of leucorrhœa in women who are pale, with white, waxy appearance of the skin. They are *very weak,* so that a *slight effort fatigues them.* They sleep badly, and have tiring dreams, — in their dreams everything "goes wrong." This worries and tires them so, they awaken more fatigued and unrefreshed than when they retired. They are of a "*chilly*" *nature,* and require much clothing; dread of drinking cold water, because it *remains cold in the stomach. Menses too early and profuse.* Frequent urging to urinate. *Involuntary* urination, even at night during sleep. Urine scanty or increased. Urine dark yellow or colorless. Constipation. Diarrhœa, with burning and tenesmus during stool. Better when lying down. Worse when walking. Back weak. Bruised pain in the back. Stiffness in the spinal column, beginning in the coccyx. Anguish. Mania. Delirium. Restless; worse at night. Despondent. Sad. Weeping. Imagines she must die. Dread of death. Sensitive. Angry.

Digitized by Google

Aurum metalicum.

Thick, white leucorrhœa. Profuse leucorrhœa, which excoriates the perineum and inner side of the thighs, with vesicular eruption on the parts and back. Labor-like pains in the abdomen, as if the menses would appear. Burning in the vagina. Heat, smarting, and pricking in the vulva. Menses late. Painful retention of urine, with pressure in the bladder. Passes more urine than corresponds to the amount of liquid drank. Constipation. Nightly diarrhœa, with burning in the rectum. Lumbar muscles so stiff she cannot raise the thighs. Bruised pain in the loins; worse during respiration. *Disgust for life.* Suicidal tendency. Despondent. *Melancholy. Great anguish. Peevish. Vehement. Angry.*

Aurum muriaticum.

Profuse leucorrhœa; worse in the morning. Acrid leucorrhœa. Light yellow leucorrhœa. Itching in the vagina. Burning and itching of the vulva. Constant discharge from the vagina. Menses early, profuse,

Digitized by Google

acrid. Frequent urination. Loose stool, with piles. Cheerful, or sadness, with weeping.

Aurum sulphuricum.

Thick, yellow leucorrhœa; worse in the morning. Uterus sensitive. Redness and swelling of the vulva. Heaviness in the genitals. Urine thick and yellow, or red, with sandy sediment. Constipation. Desire for solitude. Gloomy, disgust for life.

Arundo muritanica.

Leucorrhœa with pains in uterus. Pricking pains in vulva. Menses too early, and *too profuse.* Urine red, with much sandy sediment. Stool green, hard. Burning piles.

Baptisia tinctoria.

Acrid, fetid leucorrhœa. Virulent leucorrhœa, with frequent miscarriages. Ulceration of the os uteri and

Digitized by Google

vagina. Debilitated state of the system. Menses too early and profuse. Urine increased; high color, and acrid; dark color, and not very profuse. Costive. Loose, mushy stools. Back aches; worse while walking. Lumbar muscles and hips stiff and ache; worse while walking. Mind weak; cannot think or meditate.

Baryta carbonica.

Leucorrhœa before the menses. *Sanguinolent* mucous leucorrhœa, with palpitation of the heart, pain in the back, and weakness unto fainting. Moisture and soreness between the thighs. Before menses, toothache. *Scanty menses.* Profuse menses. Frequent urination. Loose stools at short intervals, with pain in lumbar region, with chills over the head and legs. Pain in the small of the back; worse in the evening; can neither rise nor bend backwards. Forgetfulness. Irresolute.

Belladonna.

White, mucous leucorrhœa with colic. Leucorrhœa with colic; at times alternating with metorrhagia.

Digitized by Google

Great heat and dryness of the vagina. *Pressing or bearing down, early in the morning, as if everything would issue through the genitals.* Increase of leucorrhœa at every paroxysm. The attacks are most frequent in the morning. Pains come suddenly, and go as suddenly as they come. Menses too early, *profuse, bright red.* The urine is yellow, and stains the linen like saffron water. Retention of the urine. Frequent desire to urinate. Stools white, or green, with *shuddering during stool. Burning in ovarian region. Right ovary painful and swollen.* Back aches as if broken. Bearing down into sacrum. She does not sleep well, but lies in a half-waking condition throughout the night. *Dreams before* she is *fairly asleep.* Noise and bright light affect her. Headache in the sinciput, affecting the eyeballs, so that they feel tired as if strained. *Stupid. Violent rage. Fury. Angry. Mania.* Delirium. Many and severe mental affections.

Berberis vulgaris.

Acrid leucorrhœa, very prostrating. *Grayish, mucous leucorrhœa.* Smarting and burning in the vagina

Digitized by Google

and anus. Vagina sore and painful. *Menses scanty. Great urinary troubles.* Painful urinating. *Bloody mucus in urine; mucous, mealy, grayish-white sediment.* Cutting pains in lumbar region, *darting in every direction.* Burning in rectum, with long-continued desire for stool, continuing after stool. Back aches; worse lying or sitting; worse in the morning. Rises from a seat with difficulty. Loss of consciousness.

Bondoneau.

Mucous or serous leucorrhœa, preceded by heat in the vagina. Menses delayed. Gloomy. Irritable.

Borax veneta.

White, *albuminous* leucorrhœa, *like the white of an egg.* Corrosive leucorrhœa; also like starch. Acrid, white mucous leucorrhœa, without any other ailment, a fortnight after the menses. Leucorrhœa white and thick as paste. Sensation as *if warm water were run-*

Digitized by Google

ning down the thighs. Menses too soon and profuse, attended with colic. Beating in the head and buzzing in the ears, *during menses. Violent; instantaneous desire to urinate. Soft, light* yellow, slimy stools, *three a day,* with weakness and fainting. Pain in the back, when walking, sitting, or stooping. She is nervous, easily started, *cannot bear a downward movement,* like going down stairs or riding on horseback. Probably the correct symptom would be, *cannot bear any elevated position.* Fretful. Ill-humor. Changeable.

Bovista.

Leucorrhœa like the white of an egg, coming away whilst walking; it may be yellowish, green and corrosive, *thick,* tenacious, *slimy.* Leucorrhœa before or *after the menses.* Profuse leucorrhœa when walking. Slight show between the periods. Burning in the genitals. Soreness between the labia and thighs. Menses retarded and scanty, or too early and profuse, particularly in the morning. Frequent desire to urinate, even immediately after urinating, with emission of a few drops. Morning diarrhœa, with *urging* pains; and after stool, *burning* and itching in the

Digitized by Google

anus, as if worms were crawling. *Intolerance of tight clothing around the waist.* Stiffness in the back when stooping; has to straighten up to be relieved. Talkative. Sensitive. Absent-minded.

Bromine.

Leucorrhœa constantly increasing. Loud passage of wind from the vagina. Swelling of ovarian region. Pain in right ovary, extending down the thighs when at rest. Swelling of left labia. Menses too early. Headache with menses. Constant desire to urinate with dribbling of urine, with whitish or dark sediment. Diarrhœa of black fæces. Blind, painful piles. Pain in back, unchanged by motion. Quarrelsome. Fretful. Desire for mental labor, then disinclined to study.

Bryonia.

Leucorrhœa, with pain and soreness in the right ovary, extending down the leg. Worse at rest.

Digitized by Google

Swelling of the left labia. Menses too early, profuse, dark. Menses suppressed, with delirium. Urine scanty, dark brown. Stools large, hard, and dry as if burnt. Pain in back, as if bruised, when lying upon it. Worse by movement. *Delirium, worse at night,* or in the morning. *Weeping. Despondent. Anxious. Apprehensive.* Ill-humor.

Bufo.

Leucorrhœa clear as water; no smell nor itching. Purulent and very offensive leucorrhœa. Leucorrhœa before and after the menses. It may be yellow, white or clear, thick like cream, or washings of meat. Leucorrhœa in the evening. Discharge of blood between the menses. Menses too early and profuse. During menses, headache and chills. Clotted menses. Liability to abortion. Urine profuse, or scanty and strong odor. Burning, offensive stools.

Digitized by Google

Calcarea acetica.

Leucorrhœa with itching of pudenda. Discharge of blood in old women. Increasing leucorrhœa.

Calcarea carbonica.

Leucorrhœa like mucus, or *like milk.* Leucorrhœa *profuse at times;* at intervals; when urinating; before the menses; after lifting. Whitish, burning, corrosive. Leucorrhœa *of young girls*, or at the climacteric period. Leucorrhœa of *fat, light-complexioned females.* Leucorrhœa, with heat and itching of the vulva. *Menses too early and profuse;* weak feeling in chest, especially when talking; weakness in the knees, emaciation. Sensation of the feet as though she had *on cold, damp stockings.* Vertigo on going up-stairs. Unable to sleep after three o'clock in the morning. *Very sensitive to cold air;* "chilled through" at every exposure. *Menses every three weeks. During the menses*, vertigo, rush of blood to the head and heat in the head. *Frequent micturition at night. Fetid, dark brown urine*, with a white sediment. Constipation. *Undigested stool*, rather loose. Pricking,

Digitized by Google

burning, or violent itching in the rectum. Pain in back, as if wrenched; can scarcely rise from a seat. Disinclined to labor of any kind. Anxiety; despondent. *She fears she will lose her reason, and that others will notice it.*

Calcarea phosphorica.

Leucorrhœa like cream, or the white of an egg; day or night; worse on moving; two weeks after the menses, or continuous. Leucorrhœa increasing as the menses decrease. Prolapsus uteri, worse during stool or urination; worse during menses. Drawing from left to right, and down into the thighs. Pulsations in genitals. Menses too early and scanty, or too late and too dark. *Weakness* and *distress* in *uterine region* and *uterine displacements, aggravated by passage of urine or stool.* Swelling of external genitals and vagina in the morning. Urine profuse and dark, with pain in bladder and surrounding parts. Stool loose, green, and slimy, soft, passed with difficulty, accompanied by headache. Violent stitch in a small spot between left ileum and sacrum; worse by motion.

Digitized by Google

Forgetfulness. Worse from bodily motion; better from cold washing.

Cannabis sativa.

Leucorrhœa before the menses. Leucorrhœa after coition; menses profuse; urination painful; stool scanty. Sadness. Oppressed feeling in the stomach and chest, with palpitation. Nervous.

Cantharis.

Leucorrhœa acrid, burning, thick, bloody mucus. Swelling of the neck of the womb, vagina, and vulva. Pruritis. *Menses too early and profuse.* Discharge of bloody mucus after menses, and while urinating. Urine scanty, *discharged in small quantities, even in drops. Severe burning pain during and after urination.* Bloody urine. Stools consisting of *blood*, or *bloody mucus, looking like the scrapings from the bowels.* Cutting or burning in the anus. Con-

Digitized by Google

stipation; deep-seated headache, which causes a *scowl.* Tearing pain in the back, with urinary troubles. Severe lancinating pain in coccyx. Delirium; furious delirium, with constant talking. Insolent and contradictory; worse in the afternoon.

Carbo animalis.

Yellow, burning or biting, offensive leucorrhœa, with weak feeling in the stomach. *Watery* leucorrhœa, particularly when walking or standing; *stains linen yellow.* Menses profuse; menses too early, only four days long, preceded by headache. Menses flow only in the morning. Urine increased; almost involuntary by slight pressure over the region of the bladder. Yellowish urine, with turbid sediment. Stool scanty and delayed for several days. Pains in small of back during stool. Violent, burning stitches in the rectum, with distended varices; worse while walking. Small of the back lame, as if broken; sensitive to every step; worse sitting or lying. Burning pain in coccyx. Sad. *Desire to be alone. Weeping;* homesick. Avoids conversation. Anxiety; worse at night.

Digitized by Google

Carbo vegetabilis.

Profuse leucorrhœa early in the morning, when rising, and none during the day. *Milk-colored leucorrhœa, excoriating the parts;* it may be thick, yellow, or white. Leucorrhœa before the menses. Leucorrhœa after urinating. Bloody mucus from the vagina. Menses too early, profuse, pale, or thick, corrosive. Menses thick and of very strong odor. During menses pain in the head, back, and bowels. Itching in pudendum and anus, with soreness and rawness. Itching of mons veneris. *Great desire to urinate;* the urine passes slowly. Dark red urine, as if mixed with blood. Constipation. Discharge of blood with hard stool. Annoying itching, extending to the anus. She is greatly troubled with flatulence, and an *evacuation of "wind" upwards or downwards affords much relief.* After eating she feels as if she *would "burst,"* partly relieved by eructation of gas. Severe pain in small of back; has to put pillows under it; unable to sit. Irritable; does not enjoy anything, even music, of which she is very fond. Jovial; but ill-humored. Anxiety. *Peevish. Indifferent; worse at night.* Want of memory.

Digitized by Google

Carlsbad.

Profuse leucorrhœa, after the menses, with burning and smarting. Menses too early, long-lasting, dark, with strong odor. Painful menstruation. Urine profuse with frequent urging. Stools soft, pappy. Pain in small of back, with lassitude. Tensive, pressing pains in back and genitals. *Very excited; peevish; affected by trifles, with flashes of heat all over.* Talkative; good-humored. *In the morning* peevish, *which continues all day. Absence of mind.*

Castoreum.

Thick leucorrhœa; watery, burning. Menses *increased.* Premature menses. Diminished urine. Hard stool, with burning at the anus. *Bloody mucous stool.* Pain in back as if beaten. Sad and tearful.

Caulophyllum.

Profuse, mucous leucorrhœa. Profuse menses; vagina sensitive, painful. Menses too soon, painful.

Digitized by Google

Menstrual colic, with pain in back. Profuse straw-colored urine. Urgent desire for stool at one o'clock A. M., with copious stool. "Moth patches." Dull pain in back as if beaten.

Causticum.

Profuse leucorrhœa, escaping the same way and smelling the same as the menstrual blood; only at night, or worse then. Weakening leucorrhœa, with scanty menses. Leucorrhœa particularly at night. Offensive menses. Scanty menses. Menses too early or too late; no flow at night. Cramps in bowels. Colic *without diarrhœa at the appearance of the menses;* during menses *pain in the back.* Clotted menses. *Frequent urging to urinate. Light-colored urine, like water.* Burning in the urethra while urinating. *After urinating smarting in the pudendum as from salt. Frequent unsuccessful desire for stool.* She has a sickly look, a yellow face, and drooping eyelids; is obliged to make an effort to keep them up. Stiffness of the back, especially when rising from a seat. Stitches in the back. Bruised pain in the coccyx. *Melancholy,*

layed. Menses painful. Urine increased and clear. Loose, papescent stool. *Inability to swallow or speak.* Dull pain in lumbar region; cannot walk. Dulness of mind. Inability to think. The face is dark red, — "mahogany" color.

Granatum.

Yellowish leucorrhœa. Prolapsus of the vagina. Menses too short and profuse, with colic and pressing from the small of the back to the groin. Cutting, stinging, and gnawing in the urethra. *Tenesmus. Frequent* diarrhœic stools. *Itching and intolerable tingling in the rectum.* Pain in back, with *weakness in legs, especially when walking.* Easily excited. Forgetful.

Graphites.

Profuse leucorrhœa, *perfectly white,* especially on rising from bed in the morning; *weakness of back*

Digitized by Google

when sitting or walking. Thin, light-colored leucorrhœa, with distension of the abdomen; *painful pressing towards the pudendum.* The discharge occurs in gushes, day or night. Leucorrhœa before the menses. Excoriations of vagina. Menses scanty and delaying. Menses suppressed, with *weight in the anus and legs. Eruption during menses.* Itching of pudenda a few days before the menses. Turbid urine. Frequent micturition. Nightly desire to urinate. Difficult stool; stool frequently involuntary; stool size of lumbricus. White mucus with stool. Constipation. Itching of anus. Burning hemorrhoids. Drowsy during the day; sleepless at night. Weakness in back on walking; back aches. Numb pain from sacrum down the legs. *Easily excited. Sadness. Despondent;* was obliged to weep. *Easily grieved.* Gloomy. *Apprehensive. Fear of approaching death.* Absent-minded.

Guarea.

Fetid leucorrhœa. Leucorrhœa after the menses. Weak back. Mental anxiety. Indifference. Weak memory. Fear of losing her reason.

Digitized by Google

Guiacum.

Increasing leucorrhœa. *Frequent and urgent desire to urinate*, even directly after urinating. Constipation. Soft stool, *in pieces*. Thin mucous stool. Fretful. Obstinate. *Weakness of memory.*

Hamamelis.

Profuse discharges, which simulate a hemorrhage, and constitute a drain upon the system as severe as a loss of blood. Vaginismus. Pruritis. Scanty, high-colored urine. Constipation. Painful varices, with discharge of dark-colored blood. Tearing pains across the small of the back. Back feels as if it would break. Gloomy; depressed; stupid.

Hedeoma.

Yellow, excoriating leucorrhœa, with itching and burning. Suppression of urine; tenesmus; painful urination, with very dark urine.

Digitized by Google

Helonias.

Leucorrhœa, with *great prolapsus uteri; the os uteri protrudes externally.* Leucorrhœa with anæmia. Painful, serous leucorrhœa. Labia and pudendum hot, red, swollen, burning, and itching terribly. Every morning epidermis falls off in thin, transparent exfoliations. Mucous surface of labia red, swollen, covered with curdy deposit like apthæ. Aching pain in sacrum down into each buttock. Pain in back and sacrum through to uterus; worse at night. Sad. General feeling of *malaise.* Depressed.

Hepar sulfuris calcareum.

Leucorrhœa with *smarting of the vulva.* Menses *delayed ten days.* Discharge of blood between the menstrual periods. Hemorrhage from the uterus. Frequent desire to urinate. *Urine dark yellow.* Diarrhœa with colic. Burning during stool. Creeping in the rectum. Bruised sensation in the small of the back and thighs. Frightful imaginings. Fright during sleep.

linen. The linen is full of holes. Thin, yellow leucorrhœa in scrofulous females, with induration and swelling of the os uteri, and engorgement of the vagina. The patient is very weak, and much exhausted, "put out of breath" by ascending stairs. Irregular menses; delay eight days, with vertigo and palpitation of the heart. Menses *premature* and *copious. Obstinate retention* of *urine.* Dark, turbid, sometimes milky urine. Constipation. Hard stool, knotty, dark colored. Alternate diarrhœa and constipation. Copious discharge of *watery*, foamish, white mucus, or thick, bloody mucus. Stitches in small of back. Pain in sacrum and coccyx. Sad. *Confused, with aversion to earnest work.*

Kali bichromicum.

Leucorrhœa, which is tough, *ropy, and may be drawn out in long strings.* Yellow, stiff leucorrhœa, with pain and weakness across the small of the back, and dull, heavy pain in the hypogastrium; soreness and rawness in the vagina. Menses too soon, with vertigo and nausea, feverishness and headache. Urine red, with pain across the back. Habitual constipation.

Digitized by Google

Constipation occurring every three months. Shooting pains through the bowels. Pains in the coccyx, worse from walking or touch, and on rising from long sitting. Gloomy; discouraged; peevish; sad.

Kali carbonicum.

Yellowish leucorrhœa, with itching and burning of the vulva and pudendum. Mucous leucorrhœa. *Menses too early*, scanty. *Suppression of the menses*, with dropsy. Acrid menses, pungent odor, covering the thighs with eruption. Before the menses, chilliness; during the menses, pain in the abdomen. *Great desire to urinate.* Turbid urine. Greenish urine. Insufficient, soft stool. Continual burning at the anus after stool. Severe lacerating and cutting in the anus. Itching of the anus. *Large, painful varices.* Great soreness about the genitals before, during, and after the menses. Backache when walking; feels as if she must lie down. Backache, as if broken; must get up at 3 A. M. Gnawing in coccyx. Anxiety, worse in the daytime. Easily frightened; irritable; fretful; sad. Inclined to weep.

Digitized by Google

Kali ferocyanatum.

Leucorrhœa only after the menses, and usually comes on in the daytime. Menses late. *Sad;* inclination to weep.

Kali iodatum.

Thin, watery or acrid, corrosive leucorrhœa, with itching of the vulva. Corrosive, milky-white leucorrhœa, or like the washings of meat, green or yellow, putrid. Watery leucorrhœa. Itching and burning of the vulva and thighs. Menses too early, or *too late.* Suppression of the menses. Burning pains in kidneys, and the bladder feels swollen. Painful urging to urinate. Urine red as blood. Light-green and watery, yellow stools. Diarrhœa. *Sudden, painful bloating of the stomach.* Pain in back, as if in a vise; worse sitting. Pain in back, extending to thighs. *Horrible burning in the pit of the stomach.* Burning pain in coccyx. Sadness; anxiety; passionate; spiteful; peevish.

Digitized by Google

Kali nitricum.

Thin, white, mucous leucorrhœa, with pain in the small of the back as if bruised. Suppression of the menses. *Diminished secretion* of urine. Frequent pressing in the rectum. Tenesmus of the rectum. Sluggish stool. Hard stool, *like sheep dung.* Soft or diarrhœic stool. Depressed; anxiety; peevish; delirium.

Kalmia.

Yellow leucorrhœa in the morning, after the menses. Menses too early, too late, or irregular. *Subject to neuralgia* in various parts of the body; severe in right cheek, *with alkaline taste in the mouth.* Urine profuse. Diarrhœa.

Kreosotum.

Leucorrhœa of pregnant females. Leucorrhœa before and after the menses, especially when standing or walking, not when sitting or lying. Mild leucorrhœa;

Digitized by Google

acrid leucorrhœa; corroding, yellow, offensive leucorrhœa, *causing itching and redness of the vulva and pudendum. Leucorrhœa with great debility*, particularly of the lower extremities. White, painless leucorrhœa; acrid leucorrhœa, leaving *yellow spots on the linen.* Leucorrhœa flowing like the menses. Yellow or yellowish-white leucorrhœa, having a foul smell, especially in the morning. Gray leucorrhœa after the menses. White leucorrhœa, staining the linen yellow. Os uteri open. *Menses too early, too profuse, and too long.* Menses preceded by hardness of hearing, accompanied with buzzing and humming in the head. *Frequent desire to urinate, with copious emissions and burning in the vagina.* Diminished secretion of urine. *Before urinating, sudden stitches in the vagina, making her jump* or *start*, seeming to come from the abdomen. Voluptuous itching deep in the vagina; has to rub it. External genitals hot and swollen. Intermitent stool. Pain in back as if it would break; worse by rest; better by motion. Spasmodic drawing from back to genitals and down the thighs. Inclined to weep. Seeks for unpleasant things, and broods over them.

Digitized by Google

Lachesis.

Leucorrhœa from three to eight days before the menses. Copious, smarting, slimy leucorrhœa, stiffening the linen and staining it green; also in cases where the menses are too short and too feeble, although they occur at the right time. Uterine region feels swollen; will bear no contact, even with the clothing. Menses *scanty, delaying*, difficult. Before the menses, headache, with vertigo. During the menses, lacerating in the abdomen; beating in the head. *Useful at the climacteric period.* Urging to urinate. *Frequent urination* and *copious emissions of foaming urine. Yellow urine.* Constipation of years standing. *Hard stools, resembling sheep dung.* Alternate constipation and diarrhœa. Before stools, pain in the rectum; after stools, burning in the rectum. *She feels very unhappy* on awakening in the morning; chilly at night, with flashes of heat by day, *especially at the climacteric period.* Wants to be eating—"picking around"—all the time. Pain in coccyx when sitting, as if sitting on something hard. *Much rapid talking; wants to talk all the time.* Vivid imagination. Mental activity at night. Confused, and makes mistakes in writing.

Digitized by Google

Lamium.

Copious leucorrhœa, coming off in drops, with smarting in the pudendum. Painless leucorrhœa. Profuse, mild leucorrhœa. Leucorrhœa with a burning sensation. A few drops of leucorrhœa frequently pass from the vagina. *Menses too early*, with a cutting pain above the hips. *Frequent desire to urinate.* Urging to urinate, with *scanty discharge.* Scanty, hard stool, with discharge of blood. Pain in small of back, as if it had been broken. Inclined to weep; sad; discontented.

Ledum palustre.

Profuse leucorrhœa; pale face. Menses too early and too profuse; bright red. Absence of vital heat. Copious urination, even at night. Diminished secretion of urine. Frequent urination. Stream of urine intermits during its flow. Burning in urethra after urinating; pus in the urine. Constipation; stool mixed with blood. Diarrhœa; stool mixed with mucus. Soreness between coccyx and anus. Itching and smarting. Painful stiffness of back and loins

Digitized by Google

when rising from a seat. Desire for solitude. Anger. Ill-humor. Fears to go to sleep, lest she die.

Lilium tigrinum.

Thin, acrid leucorrhœa, excoriating the parts, *staining the linen brown;* rash-like eruption on the genitals; swelling of the parts. Yellow leucorrhœa *after the menses.* Profuse, acrid leucorrhœa. Leucorrhœa worse in the afternoon and evening. Severe labor-like pains during and after the leucorrhœa. Menses *scanty* and too early. Pains in left ovary. Frequent urination. Scanty urine, followed by smarting in the urethra. Frequent desire to urinate in the latter part of the night and early in the morning. Urine light colored; thick, reddish sediment. Hot urine; profuse urine. Loose, bilious stools, followed by smarting at the anus and in the rectum. Diarrhœa in the morning. Cold feeling in the back. Pain in the back as if it would break. Pain in the sacrum. Sensation of pulling upwards from the tip of the coccyx. *Depressed. Aversion to being alone. Inclined to weep. Constant hurried feeling.* Sexual excitement.

Digitized by Google

Lippspringe.

Leucorrhœa, with itching in the rectum. Mucous leucorrhœa; later bloody. Acrid leucorrhœa; painful when walking; worse by rubbing. Menses too early. *Very frequent and increased urination, with a sudden desire which could not be resisted but a short time.* Constipation. Stools loose, difficult. Diarrhœa, with severe colic, which produced perspiration. Brown, pasty, or yellow stools. Depressed; ill-humored; irritable.

Lycopersicum.

Profuse leucorrhœa. Discharge very like menstruation, frequently brought on by its use. Frequent urination at night. Depressing backache in lower dorsal and lumbar region, which makes one feel gloomy and depressed. Peevish about trifles. Forgetful; more so when leaning the head upon anything.

Digitized by Google

Lycopodium.

Leucorrhœa profuse at intervals; it may be milky or blood-red, particularly before the full moon. Leucorrhœa, with or preceded by a cutting across the hypogastrium from right to left. Pale face, with frequent flushes of the cheeks. *Discharge of wind from the vagina.* Itching of the labia at every menstrual period, and during the leucorrhœal flow. Vagina dry. Genitals inflamed. Menses too long and profuse. Menses too early and scanty. Menses dark, clotted; suppressed from fright. Delay of first menses. Chronic suppression of the menses. Urine with a red or yellow sediment, like sand. Burning in the urethra. Constipation. *Rumbling and commotion in the bowels.* Borborygm. Sluggish stools. Ineffectual urging to stool. Violent, constrictive pain in the perineum for several hours after stool. *Sensation as if she were full up to the throat, even after eating but little.* She is worse at four P. M., and better at eight or nine P. M. *Menses too long and profuse.* Pains and stiffness, with stitches in the small of the back; worse from rising from stooping, or from a seat, extending into the thighs. *Weeping. Sad, with confusion of the head. Melancholy. Despondent.* Anxiety in the evening. Irritable. Ill-humor. *Easily angered.*

Digitized by Google

Scornful. Mind distressed. *Uses wrong words. Easily confused. Mind disturbed.*

Magnesia carbonica.

Acrid, white mucous leucorrhœa, preceded by colic. Leucorrhœa *after the menses.* Thin, scanty leucorrhœa, with pinching around the navel. Leucorrhœa like water; smarting leucorrhœa. Menses too early or too late. Profuse menses; more profuse when walking or standing, or at night or on rising in the morning. Menstrual blood is *thick, black,* and acrid. *Inability to retain the urine.* Pale or green urine. *White sediment* in the urine. Inclines to constipation. Stool hard as a stone. Green diarrhœic stool, like the *scum of a frog pond.* A quantity of ascarides with the stool. Cutting and pinching in the abdomen previous to stool. Pain in the small of the back at night, as if broken. Sudden piercing in the coccyx. A violent pain in the back, as if it were bent back. Gloomy; then talkative. Changeable.

Digitized by Google

Magnesia muriatica.

Watery leucorrhœa. Leucorrhœa immediately after every stool, especially if the stool is hard and crumbling as it escapes from the anus. Leucorrhœa in the morning after urinating. Leucorrhœa at intervals. Leucorrhœa especially after exercise, or preceded by uterine spasms. Thick leucorrhœa, followed immediately by a discharge of blood, fourteen days previous to the regular discharge of menses. Profuse leucorrhœa, continuing almost without intermission. Menses black clots; worse when sitting. Scanty emission of urine, with burning. Greenish, papescent stool. Hard, knotty stool; difficult stool; soft stool, followed by burning. *Burning at the anus, and pain as if from excoriation, during stool.* Contractive, spasmodic pain; stitches, tearing and burning in the back and hips. Excited; unhappy; fitful; emotional.

Magnesia sulphurica.

Burning leucorrhœa, particularly during motion. *Thick* leucorrhœa, profuse like the menses, with

Digitized by Google

bruised pain in the small of the back and thighs. *Menses too late; too short; too early. Nocturnal urination.* Alternation of soft and hard stool. Soft stools with burning at the anus, or with subsequent tenesmus. Violent pain in back, as if bruised. Very lively, or greatly depressed.

Manganum.

Leucorrhœa in females whose bones are affected in such a way as to be tender to the touch. Menses too early; too scanty; too short. Frequent urging to urinate. Weeping mood; ill-humored.

Mercurius corrosivus.

Pale, yellow leucorrhœa, of a nauseous, sweetish odor. Mucous discharge, as thin as water. Leucorrhœa tinged with blood. *Vulva inflamed.* Burning heat and pain in the genitals. *Menses* profuse. *Painful urination. Urine loaded with albumen.* Hot, *bloody* stools. *Burning tenesmus.* Pain in back

Digitized by Google

and limbs. *Low spirited. Depressed.* Very ill-humored all day. Intellect weak.

Mercurius solubilis.

Leucorrhœa *worse in the evening; adhesive, sticky. Green, bloody, purulent, corrosive, with a biting sensation in the genitals, so she is obliged to scratch, with violent burning after scratching. Pressure in the genitals, obliging her to urinate* often. Menses profuse. *Frequent urination,* with *painful, scanty urine.* Diarrhœa, with *green, mucous, bloody* stools. Diarrhœa, with wretched, dejected spirits. Pain in small of back, as if bruised. Believes she is dying. Anxiety; irritable; ill-humor.

Mercurius vivus.

Leucorrhœa, which may be itching, burning, *smarting,* or *corroding,* with sensation of rawness. Discharge of flocks, pus, and mucus, as large as hazel

Digitized by Google

nuts. Whitish or greenish leucorrhœa in the evening or night, causing a smarting in the anterior portion of the pudendum, which obliges her to scratch. The scratching is followed by violent burning. *All the symptoms worse at night.* Suppression of the menses. The menses are too profuse, and attended with colic. The urine has a strong odor, and deposits a sediment resembling chalk or flour. *Constant desire to urinate. Red and brown urine.* Turbid urine. Scanty, fiery-red urine. The urine smells sour. *Desire for stool every moment,* with tenesmus, without being able to accomplish anything. *Gums look ragged. Indentations of teeth in sides of tongue.* Subject to sore throat; tonsils enlarged, so that she makes a fearful snoring or snorting when asleep. Violent pain in the spine, worse from motion. Pain in sacrum, as if after lying on a hard couch. Tearing in coccyx; better by pressing the abdomen with the hands. Excited. Lively. Everything done hastily.

Mezereum.

Albuminous leucorrhœa, sometimes tinged with blood; chronic and malignant. Mucous discharge

Digitized by Google

from the vagina and urethra. Leucorrhœa like the white of an egg. Menses too frequent and profuse. Menses suppressed. Hot urine, with a reddish sediment. *Continued diarrhœa,* with intolerable colic. *Inclined to weep. Hypochondria. Despondent. Fretful. Angry.* Easily vexed. Memory weak.

Millefoleum.

Leucorrhœa. Leucorrhœa of children; from atony of vaginal mucous membrane. Uterine hemorrhage. Menses too scanty, or too profuse. Constant desire to urinate. Rumbling and cutting in the abdomen, followed by diarrhœic stools, succeeded by tenesmus. Irritable. Violent. Aversion to work.

Morphinum.

Habitual morphine users do not have leucorrhœa; so, when other symptoms call for it, it will no doubt prove curative.

Digitized by Google

Murex.

Leucorrhœa scanty, greenish, or mixed with blood; worse during the day; none during the night. Scanty, thick, yellow leucorrhœa. *Acute pain in the right side of the uterus, extending to the left breast.* Constant or sudden desire to urinate. Very costive. Heaviness of the head. Confusion.

Nabulus.

White, jelly-like leucorrhœa. Menses delayed. Urine diminished, with pain in kidneys. Costive. Spirits depressed; then excited.

Naja.

Thin, whitish leucorrhœa in the afternoon. Urine yellow, loaded with mucus. Diarrhœa with white, slimy, greenish stools. Constipation, with difficult, painful evacuations. Pain in the back, worse in the

Digitized by Google

evening. Insane. Inclined to suicide. Easily excited. Sadness. Broods over imaginary wrongs.

Natrum carbonicum.

Yellowish, thick leucorrhœa; putrid leucorrhœa, ceasing after urinating. Profuse leucorrhœa, after frequent attacks of colic, with writhing around the umbilicus. *Pressing in the hypogastrium towards the genital region, as if everything would issue from the abdomen.* Menses preceded by headache and drawing in the nape of the neck. Frequent urination, copious; with leucorrhœa. Burning in the urethra. Pressure in the region of the bladder. Stool tinged with blood. Colic previous to soft stool. Stitches in the back while sitting. *Melancholy. Sad. Depressed. Anxiety. Peevish. Irritable.* Indifferent. Worse in a thunder-storm.

Natrum muriaticum.

Leucorrhœa *early in the morning; profuse after colic;* it may be transparent, white, thick, acrid mucus.

Digitized by Google

Greenish leucorrhœa, particularly after walking, with yellow complexion. Leucorrhœa with headache. Leucorrhœa preceded by colic and bearing down. Leucorrhœa producing itching of the pudendum. Leucorrhæa at night. Leucorrhœa with smarting pain. *Menses delayed four days, and are scanty.* Menses appear seven days too soon. *Violent desire to urinate, and inability to retain it. Involuntary emission of urine while walking. The urine immediately deposits a sediment that looks like brick dust. Retention of stool. Hard stool. Diarrhœa like water.* Stool mixed with blood. Beaten, bruised, lame feeling in back, with stitches; cutting, pulsating feeling. *Immoderate laughter; laughs till she cries. Inclined to weep. Obliged to weep. Sad. Melancholy. Hopeless.* Ill-humored. Indifferent. Absence of mind. Forgetful.

Natrum sulfuricum.

Leucorrhœa. *Acrid, corrosive* mucus. Profuse menses. Scanty, retarded menses, with colic and constipation. *Copious urination*, with *brick-dust sediment.* Urine with *yellow-reddish* sediment. Hard stool, with pressure, sometimes streaked with blood.

Digitized by Google

Looseness of the bowels. Pain in the small of the back so she cannot lie only on her right side. Pain in sacrum so she cannot lie on either side. Cheerful. Happy. Irritable.

Nicolum.

Profuse, watery leucorrhœa, particularly after urinating. Menses too early or too late, too short or too feeble. Constipation. During stool, stinging in the rectum. After stool, itching of the anus. Cutting *in the abdomen*, succeeded by soft stool. Angry; quarrelsome.

Nitrum.

White leucorrhœa, with lameness of the back. Menses suppressed. Menses black as ink, with colic; legs feel weak and numb. Pain in small of the back on awakening, as if from a blow; cannot turn. Burning in the back relieved by motion.

Digitized by Google

Nux moschata.

Leucorrhœa of women who always awaken with a very dry tongue. Flatulent distension of the uterus. *Menses too late*, preceded by a pain in the back. *Menses too early*, with pressing in the abdomen and down the limbs. Sterility. Urine diminished. Urging at night, with scanty emission. *Slow, difficult stool.* Urging to stool, as if a diarrhœa would set in. Pain in small of the back, with weakness of the knees. Backache while riding in a carriage. Insanity. *Lively. Laughs easily. Loss of memory. Weeping, with burning in the eyes. Changeable humor.* Alternate *laughing and crying.* Absence of mind. *Loss of mind.* Loss of consciousness. Deep stupor.

Nux vomica.

Fetid leucorrhœa, tinging the linen yellow. Painless discharge of yellow mucus from the vagina; burning in the pudendum, with violent sexual desire. Gnawing, itching eruption on the pudendum. Swelling of the inner vagina, with burning pain, *rendering contact intolerable.* Sensation of heaviness in the region of

Digitized by Google

the neck of the womb; rising up or setting down causes a distress in that region. *Menses too early. Painful, ineffectual desire to urinate.* Nightly urging to urinate. Reddish urine, with *brick dust sediment.* Constipation, as from inaction of the bowels. Stools consist of *little balls.* Small, loose mucous stools, with *much straining.* Frightful dreams. *She awakens at 4, A. M., and after a little while falls asleep again, to awaken late in the morning, feeling worse for having slept,* or cannot go to sleep again, and after an hour of useless tossing and turning, *must rise to find relief.* Appetite poor; *sensation of a load in the stomach.* Backache in bed; must turn over or sit up. Pain in back; worse at 3 or 4, A. M. Depression of spirits, with cloudiness of intellect. *Cross; angry; quarrelsome. Violent; sensational. Cannot* bear *noise.* Ill-humored. *Dread of mental labor.* Repugnance to labor.

Nympha odorata.

Acrid, corrosive leucorrhœa. *Weakness of the back.*

Digitized by Google

Oleum animale.

Leucorrhœa consisting of *thin white mucus*. Menses too early, preceded and accompanied by colic. Scanty menses; *black blood*, and languor of the hands and feet. A good deal of urging to urinate, with discharge of only a few drops. Difficult stool, after long urging. Cheerful. Fretful. Sad. Ill-humored.

Opium.

Mucous leucorrhœa. Fetid leucorrhœa. Prolapsus uteri from fright. Movements of fetus in utero very painful. Irregular menses. *Weakness of the bladder.* Paralysis of the bladder. Persistent diarrhœa, with burning in the anus. Constipation. Only one discharge a week. Back bent backwards spasmodically. *Violent delirium, with red face. Glistening eyes and mental activity.* Talkative. *Has visions of ghosts,* etc. Confusion of mind. Fearful. *Fear of impending death. Starts at the least noise. Stupid. Sullen. Insensibility, with open eyes.*

Digitized by Google

Pediculus.

Leucorrhœa, with pain in uterus. Uterus sensitive to external pressure. Urine profuse. Diarrhœa. Very merry.

Petroleum.

Profuse leucorrhœa every day; also with lascivious dreams at night. Leucorrhœa *like albumen.* White, sticky leucorrhœa. Leucorrhœa like the white of an egg. Genitals sore, moist, with violent itching. Menses may be premature, or scanty, or delayed; acrid. Frequent micturition. *Constant dribbling of urine. Urine passes slow.* Diarrhœa consisting of *bloody mucus.* Pain in coccyx while sitting. Pain in back; is unable to move.

Phosphorus.

Smarting leucorrhœa, *causing blisters. Profuse* leucorrhœa, with sense of great weakness in the ab-

ments. Leucorrhœa, with pinching in the abdomen, followed by pressing down in the groins, alternated by a pressure in the pudendum, and increased discharge of blood. Leucorrhœa after urinating, and on rising from a seat. Vagina sensitive and tender. Voluptuous tingling in the pudendum. *Menses too early,* scanty, with diarrhœa; or *too profuse,* or *too long.* Dark, clotted menses. Suppressed menses of *Irish emigrants. Red urine,* with white clouds. Constipation. Half-digested, papescent stools in the morning. Numbness in the sacrum and coccyx. Pain in back, extending to groin and down the limbs. Illusions. *Everything seems small. Lively, then sad.* Proud. Haughty. *Great fear of death, which she thinks near at hand.* Peevish; anxious; sensitive.

Plumbum.

Leucorrhœa, with *great inclination* to miscarriage. Leucorrhœa, with a continued sense of drawing in from the abdomen to the back. *Vaginismus.* Mucous discharge from the vagina. Tenesmus of the neck of the bladder. *Scanty, high-colored urine, emitted in drops. Albuminous urine. Great urinary troubles.*

Digitized by Google

Dysentery, with violent colic. Violent diarrhœa. Scanty, sluggish stool, resembling *sheep dung.* Constipation. *Colic.* Stools in *small, green or black* balls. Delirium. Fears she will be murdered. *Loss of memory. Coma.* Stupid. Convulsions.

Podophyllum.

Leucorrhœa consisting of thick, transparent mucus. Leucorrhœa with constipation and *bearing down in the genitals.* Prolapsus uteri and *ani.* Pain in the ovaries. Suppression of the menses in young girls. Enuresis. Urine diminished, or suppressed, or involuntary during sleep. Scanty urine. Hard, dry stool. Yellow or dark green stools. *Changeable stools.* Very nervous and easily excited; sleeps but little, or not at all. She is in a weakly, miserable condition. Pain in back, worse at night and from motion.

Prunus spinosa.

Leucorrhœa making the parts sore and tinging the linen yellow. Constant leucorrhœa, that made her

Digitized by Google

weak. Menses every *two weeks*, with pain in the back. Scanty emission of brown urine. *Has to press a long time before the urine makes its appearance.* Spasm of the bladder; worse at night. *Pain in the small of the back while sitting.*

Psorinum.

Leucorrhœa in large lumps, with *very offensive odor.* Dysmenorrhœa near climaxis. Amenorrhœa in patients with consumptive tendency, when there is a thick tetter covered with thick crusts. Cutting in left loin; cannot walk without assistance. Involuntary urination. Frequent, scanty, thick, whitish, turbid urine, with red deposit. Stools liquid, green, fetid, smelling like rotten eggs. Back painful, weak; worse from motion. Dull; stupid; sad; sentimental; changeable.

Pulsatilla nigricans.

Leucorrhœa burning, *thin and acrid. Milky* leucorrhœa, with swelling of the vulva, particularly after

Digitized by Google

the menses. *Thick, white, mucous* leucorrhœa, especially when lying, or before and during the menses, which are scanty, with cutting or cramping in the bowels. Leucorrhœa thick, like cream, attended with pruritis near the change of life; when occasioned by fright in young girls before menstruation is fairly established. *Painless leucorrhœa, like cream. Leucorrhœa worse lying down.* Leucorrhœa with burning pain. Prolapsus uteri. *Suppression of the menses,* with nausea and disposition to vomit; with convulsions. *Menses too early; menses too long; menses too short.* The blood is thick and black. Pain in back, as from long stooping. *Inclined to cry. Dread of ghosts.* Morose; silent; sad; fretful. Ill-humor. *Anxiety at night.*

Pulsatilla nuttalliana.

Profuse leucorrhœa, with *depression of spirits.* Painless leucorrhœa in the afternoon and evening. Menses too early and profuse. Strong smelling urine. Sudden diarrhœa.

Digitized by Google

Ranunculus bulbosa.

Leucorrhœa, at first mild, afterwards acrid and corrosive. Hard stool, preceded by colic. *Pain in the small of the back. Stitch in the right lumbar region when walking.* Vanishing of thoughts when reflecting.

Raphanus.

Mucous leucorrhœa, at times slightly tinged with blood. Constant titillation in the genitals. Sensation of a foreign body rising from the uretus to the chest. Nymphomania. Sexual excitement. Urine *copious*, yellow. Stools *yellow, brown, liquid, copious*, mostly in the morning. Great aversion to the opposite sex.

Ratanhia.

Leucorrhœa. Leucorrhœa, with constant itching in the rectum, and discharge of bloody mucus.

Digitized by Google

Menses too early. Pain in small of the back during menses. Frequent urging to urinate, only a few drops being passed at a time. Hard stool, with straining. *Burning* in rectum. *Violent* itching in rectum. Pain in small of the back during menses.

Robinia.

Leucorrhœa whitish, yellowish, greenish, thick, acrid, purulent. Discharge of blood like a hemorrhage between the menstrual periods, accompanied by purulent leucorrhœa. Hard swelling of the womb. Cramps in the womb. Menses too late; black. Eruption and ulcers like herpes on vagina and vulva. Urine scanty and painful, or profuse and turbid. Stools loose, black, fetid, with great tenesmus. *Stomach very sour.* Very low-spirited.

Ruta graveolens.

Corrosive leucorrhœa after suppression of menses. Acrid, gnawing leucorrhœa after the menses. Menses

Digitized by Google

too early and too profuse. Involuntary urination. *Difficult expulsion of stool. Frequent urging to stool, with protrusion of the rectum.* Involuntary stool. Prolapsus of the rectum, with or without stool, with much swelling and soreness. Pain in coccyx, as if bruised. Stitches in back when stooping, sitting, or walking; better by pressure or lying down.

Sabina.

Yellowish, ichorous, fetid leucorrhœa, and painful discharges of blood every two weeks. Habitual leucorrhœa, of the consistence of starch; copious, milky, causing itching. Leucorrhœa after suppression of the menses; discharge of blood between the periods, with sexual excitement. Offensive leucorrhœa after suppression of the menses. Profuse menses. Hemorrhage from the womb. Suppression of the menses. Clotted menses; offensive, with pain from sacrum to pubes. Retention of urine, passing drop by drop. *Constant pain in back.* Drawing pain in back, extending to the pubes. Weariness in lumbar region. Paralytic

Digitized by Google

pain in back. *Great* anxiety. Despondency. Hypochondriasis.

Sanguinaria Canadensis.

Corrosive, fetid leucorrhœa at the *climacteric period;* it continues after the menses cease. Suppression of the menses. *Escape of flatus from the vagina.* Frequent and copious urination at night. Shifting pains in the back; worse when drawing a long breath.

Saracenia.

Watery or milky leucorrhœa, thick, whitish, foul-smelling, with spasmodic pain in uterus.

Sarsaparilla.

Slimy, *mucous leucorrhœa when walking*, particularly in women who have a *sharp pain in the urethra*

Digitized by Google

at the close of urination. Menses delayed, scanty, acrid. *Frequent desire to urinate,* with scanty emission. *Tenesmus of the bladder.* Sometimes grayish sand in the urine. Obstinate constipation. Stitches in back from the least motion. Pain in hips and down the limbs. Cheerful. Mind depressed. Inclined to weep.

Secale cornutum.

Leucorrhœa in thin, scrawny women, with prolapsus uteri. Leucorrhœa like cream. Brown, offensive leucorrhœa. Menses thick, black, lumpy. The menses are too profuse and too long; also with violent spasms. Suppression of urine. *Painful diarrhœa, with great prostration.* Watery, mucous diarrhœa. Tingling in back, extending to toes and fingers. Stitch in the back. *Delirium. Constant moaning and fear of death. Great anxiety and difficult respiration.* Loss of senses; stupid.

Digitized by Google

Sepia succus.

Yellowish, thick leucorrhœa. Acrid leucorrhœa. Leucorrhœa clear as water. Mucous leucorrhœa clear as water. Leucorrhœa at the *climacteric period*, at puberty, *during pregnancy*. Leucorrhœa, with stitches in the uterus. Leucorrhœa, with *itching of the vulva and vagina*. The leucorrhœa is increased when she has frequent eructations and retchings; in this case her face turns pale. Discharge of green-red fluid from the vagina during pregnancy. Leucorrhœa especially profuse after urinating; after making an effort to vomit. Leucorrhœa having the appearance of pus. Leucorrhœa like milk, only in the daytime, with burning pain, and producing soreness between the thighs; pains while walking on account of the soreness produced by the leucorrhœa; discharge of blood only when walking; leucorrhœa of a yellow or greenish water; like pus or bad-smelling fluids; bearing down in the pelvis; stinging pain in the ovarian region; frequent urging to urinate, and itching in the genitals; the discharge is of a varied nature. Menses *too early*. *Menses too late*. Scanty menses. Continued desire to urinate, with painful bearing down in the pelvis. *Sensation as if drops of urine came out of the bladder*. *Turbia urine, with brick-dust sediment*. Blood-red urine.

Digitized by Google

Violent burning in the bladder, and desire to urinate. Constipation. *Exhausting diarrhœa.* Prolapsus of the rectum. A painful sensation of goneness in the pit of the stomach continually. Slight, darting pains shooting upwards from the cervix uteri. Sexual intercourse is intolerable. Weakness of the back when walking. When stooping, sudden pain in the back, relieved by hard pressure. *Very nervous;* sensitive; *inclined to cry; sad; gloomy.* Every time she goes shopping she has a severe nervous headache follow it.

Silicea.

Painfully smarting, acrid, corroding, profuse leucorrhœa, especially after tasting sour things. Discharge of a quantity of white water from the womb, with violent itching of the pudendum. Milky leucorrhœa in paroxysms, with cutting pain in the umbilical region; frequently, also, discharge during micturition. Menses too early. *Increased menses.* Desire to urinate, without emission. Micturition almost every night. Constipation; *the stool comes to the verge of the anus, then slips back into the rectum.* Stiff back after sitting. Pain in back, shooting down the limbs.

Digitized by Google

Pain across the back on getting out of bed in the morning. Aching, beating, throbbing in the back. Pain in coccyx after riding. *Gloomy; sensitive; easily startled; dejected;* conscientious. *Easily annoyed.* Mental labor difficult.

Solanum.

Milk-white mucous leucorrhœa. Yellow leucorrhœa. Bloody discharge from the vagina. Offensive menses. Burning in the vagina. Dryness of the vagina. Redness of the vulva, and pruritis. Melancholy. Sobbing. Complaining. Ill-humor.

Stannum.

Leucorrhœa, with great debility. Yellowish, debilitating leucorrhœa; transparent, white mucus, with smarting. *Prolapsus of vagina.* Profuse menses. Frequent desire to urinate, with copious emission. Retention of urine. *Unsuccessful desire for stool.*

Digitized by Google

Great weakness, seemingly in the chest; she is therefore unable to read or talk aloud. Cough, with a *yellow or greenish expectoration*, causing a sensation of weakness in the chest. Stitches in the small of the back and limbs. *Quiet, fretfulness. Answers questions unwillingly.*

Strontium carbonate.

Leucorrhœa while walking. Menses too early, but of short duration. Diminished urine. Intermittent stool.

Sulphur.

Yellow mucus, corroding leucorrhœa, preceded by cutting *colic, or pinching around the naval.* Profuse leucorrhœa. *Violent leucorrhœa.* Smarting, *burning, thin leucorrhœa*, especially in the morning after rising. *Scanty, acrid leucorrhœa.* Mild leucorrhœa. Leucorrhœa, with *burning in the soles of the feet and on*

Digitized by Google

top of the head. Leucorrhœa, *smarting like salt; she must scratch till the parts bleed; worse at night; she must rise and bathe the parts several times each night in order to sleep, on account of the violent itching, burning, and smarting.* Burning and painful leucorrhœa, making the *vulva sore.* Mucous leucorrhœa a fortnight before the menses; yellow, excoriating discharge from the vagina, accompanied with palpitation of the heart during motion, and followed by burning in the abdomen. Itching eruption over the abdomen. Burning of the pudendum, accompanied by blisters. Violent itching of the clitoris. Burning in the vagina; vagina sore. Menses too late. Menses too early Pale menses. Violent desire to urinate. *Frequent micturition.* Copious micturition after midnight. *Violent desire to urinate at night.* Fetid urine. Hard, difficult stool. *Frequent unsuccessful desire for stool. Undigested stool.* Mucous stools. White, slimy stools. *Feeling of faintness, with strong craving for food at* 11 *o'clock* A. M. Sensation of cold feet, though they are not really cold; flashes of heat passing off, with slight perspiration and feeling of weakness and faintness; does not sleep well, waking often, and feels languid in the morning. Pain in small of back on rising from a seat. *Excitable. Vexatious and morbid ideas. Great weeping.* Sensitive. Discouraged. Low spirits. *Great anxiety; peevish; irrita-*
